

Barbara Mertus Munyon

Keystone Ranch

I have been a full-time resident of Summit County, Colorado since 1980. I graduated Cum Laude from Regis College in 1987 with a Bachelor of Science in Accounting.

Employed by the Snake River Water District (SRWD) a Title 32 Special District in Keystone, CO. from its inception on the 11th day of August 1982. My duties consisted of preparing the yearly budget and working with the Auditor on the annual audit. I prepared bids for construction projects and finalized water line easements, confirming that water lines were installed within these easements. I issued "Will Serve" letters as developers started construction and signed off on all phases of a project until the buildings were completed. I was required to finalize the monthly draws on each contract, make sure the job was accepted by the Engineer and not issue a check until the work performed was in compliance.

My job required that I complied with all Bylaws, Rules and Regulations of the SRWD as revised 8-12-2008. I became Administrator of the District in 2005. I initiated and supervised The District's GIS mapping system. My job required working with CO State Water and the District Lawyer Glen Porzak and understanding the Compact of 1932.

I understand analyzing proposals and take the appropriate amount of time to make intelligent decisions. I respect the opinions of others. I'm excellent at deciphering legal documents and work towards accommodating the potential impact to all parties.

Currently, I am self-employed. I have an accounting business; I prepare tax returns and I am a writer.
